WM. KATE, Mayor.

JOB PRINTING.

The JOB DEPARTMENT in the Democrat Office is ready for all kinds of printing. Bills, Circulars, Cards, Posters, etc., printed at the shortest possible notice, and at prices to suit the times.

We would call attention to the card, in another column, of the old and well established clothing house of Kahn & Wolf, on Main street, corner of Fifth. This house was established, we believe, in 1839, and was among the first to introduce the manufacture and the wholesale, in a large way, of ready-made clothing in our city, and has continued the business successfully ever since. These gentlemen have also a manufacturing establishment in Philadelphia, under the superintendence of one of the firm, who is a buyer of many years' standing, with all the advantages that ample capital can give. Merchants visiting the city to buy their spring stocks will do well to give this house a call and examine the large and well assorted styles of spring and summer clothing, especially manufactured for this market. They offer every facility to the trade that a first-class house can command.

Council Proceedings.

Pursuant to adjournment both Boards of the General Council met at the City Hall at half-past seven o'clock last evening.

A message was received from the Mayor including several acts passed by the Legislature. One of the acts directed the Mayor to not less than two thousand dollars, and not more than four thousand. The third section of the ordinance referred to the office of tax collectors, the particulars of which we gave in the Democrat of yesterday. Section nine gives to the Council the authority to appoint watchmen for private citizens or corporations, but the city is not to be bound for the pay of said watchmen. Section ten gives the city the right to grant licenses for a period that is not more than one year. Section fourteen provides that the clerk of the City Court shall receive the same fees as the clerks of the Circuit and County Courts. The city for one year, and in Jefferson county for two years, and in Jefferson county for one year, is a sufficient qualification for holding any office under the city charter. Section twenty provides for the making of an additional fund, which was in yesterday's Democrat, together with the bonds of the same. This act, we learn, will be printed in pamphlet form.

The Mayor also presented an act passed by the Legislature in regard to ferry privileges. It provides for the establishment of a new ferry company. The Council by the act have the control of all ferry privileges in the city. There is in the act a proviso to the effect that, if the General Council do not give to any party within thirty days a contract, the county court may do so.

A resolution was offered, at the request of the Council, authorizing the Mayor to open at his office a subscription book for the county, in order to assist in relieving the county of the lower Board. It was referred to a special committee, consisting of Messrs. Tompkins, Tucker and Peter.

Outside of this there was nothing of importance before either Board. The Council will meet again next Thursday night.

FINANCE AND TRADE

OFFICE OF THE LOUISVILLE DEMOCRAT,
THURSDAY EVENING, FEBRUARY 22d, 1896

In our general promise wheatens there was no real deling to date. There was no demand for flour, except in the small way, and the sales were confined to a few lots, principally of the higher grades. The asking figures were \$1.15 for superfine, \$1.25 to \$1.50 for extra, and \$1.75 to \$1.90 for family, according to quality, the latter rate for fancy. In wheat there is no chance to note, and what arrives meets with a really sale at \$1.90 for red and \$2 to \$2.05 for white. We have to report a continued firm market for corn, but there is scarcely

enough doing to establish quotations. There was no sold at \$1 1/2 from wagon, as labelled at \$1 1/4. In the market for oats we have no change to note.

The grocery market is quiet but firm, with moderate sales at 25c to 26c for N. O. sugar and 45c to 46c for Rio coffee.

Provisions are dull, no large transactions reported. Pork recovered somewhat under advices from the East, but quotations are nearly nominal. There are no buy-

ers in the market, and there is no stating what might be done. Bacon is quiet and prices are the same as yesterday, with small sales at 18½¢ to 19¢ for shoulders, 22½¢ for sides and 23½¢ to 23¢ for hams. Country meats are quiet, with but little offering. Small sales were made today from hams at 17¢ to 17½¢ for shoulders; 21¢ to 21½¢ for clear sides and 21½¢ for hams. Lard is dull, with but a small inquiry at 21½¢ to 22¢ for lardens, and 23½¢ to 24¢ for keas.

Money was in light demand and bankers were able to accommodate their customers at 10 to 12 per cent., while there was less difficulty in disposing of good outside paper at 12 to 14 per cent.

The following are the quotations given by our bankers for gold and Government securities up to 3 o'clock this afternoon:
